## REMODELERS SHOWCASE

Congratulations! Your remodeling project has been selected as a perfect candidate for the 2004 Remodelers' Showcase. This is an annual event, in which James Barton Design-Build and other remodeling contractors put our best work on display. The Showcase, which is sponsored by the NARI ( National Association of the Remodeling Industry) and NAHB (National Association of Home Builders), is held the last weekend in October.

Participating in the Remodelers' Showcase puts you and your home among the elite in the Twin Cities, and gives us the opportunity to exhibit our creativity, quality and craftsmanship to the community.

Taking advantage of this opportunity can have a number of benefits for you.

- Your home will be identified a **prestigious Remodelers' Showcase home** – and may become a Remodelers' Showcase award winner!
- You are assured of “**Showcase quality**” **workmanship**, excellent in every detail.
- You may be eligible for **marketing discounts, upgrades and extras** at no additional cost, from our vendors who will also be showcasing their products and services.
- You and your family will enjoy a weekend getaway during the event, thanks to a **\$1000 travel/vacation voucher** compliments of James Barton Design-Build.
- We will treat you and your friends to a **catered appetizer/hors d'oeuvres Open House** on the date of your choice to show off your completed project.

Rest assured that we will maintain a **high level of security**, including video surveillance, throughout the Showcase event. Visitors will be required to sign in, will have access only to the remodeled portion of your home, and will be well supervised during the entire time of their visit.

Please consider taking advantage of this unique opportunity. We are eager to discuss it with you, and are happy to address any questions and concerns you have. In order to take advantage of vendor discounts, upgrades and extras, we must know of your decision before we begin the contract phase of your remodeling project.

**Thank you!**
